SMA SCORECARD FOR 2021 S&T ITEMS BEGINNING WITH THE JANUARY NCWM INTERIM MEETING

SCL-17.1 S.1.8.5. Recorded Representations, Point of Sale Systems, Appendix D11 Definitions: tare		
SMA Position – 11/20	The SMA opposes this item. Since regulators verify that the tare values in POS systems are accurate, the SMA feels that the proposal would provide little or no benefit to the consumer.	
NCWM Interim Meeting Recommendation	The S&T Committee agreed to maintain the voting status for this item.	
SMA Position – 4/21	The SMA continues to oppose this item. Since regulators verify that the tare values in POS systems are accurate, the SMA feels that the proposal would provide little or no benefit to the consumer. In addition, other device technologies could be unintentionally impacted by this item.	
Northeast Position	The NEWMA S&T Committee agrees with the body that the changes proposed are unnecessary and that the item should be withdrawn.	
Central Position	The CWMA recommends the item moving forward as a voting item with the proposed amendments by the NCWM S&T Committee.	
NCWM Annual Meeting Results	Item SCL-17.1 was passed by vote.	

SCL-20.9 S.1.1.3. Zero Indication, Load Receiving Elements Separate from Weighing Elements and Appendix D – Definitions: no load reference value
