

## SMA SCORECARD FOR 2023 S&T ITEMS BEGINNING WITH THE JANUARY NCWM INTERIM MEETING

<b>GEN-23.1      V      G-N.3. Test Methods</b>		
	SMA Position -11/22	NEW at the Annual
	NCWM Interim Meeting Recommendation	The S&T Committee combined this item and other related items for discussion purposes only. Based on open hearing and written comments, the committee removed the words "State" and "of weights and measures" from the proposal. The committee also added the word "commercial" between "of" and "weighing". With the modifications, the committee believes this item is fully developed and has assigned it a voting status.
	SMA Position – 4/23	The SMA takes no position on this item at this time.
	Northeast Position	After hearing comments from the floor, the Committee recommended to the body that this item maintain a voting status with no changes, and the body concurred.
	Central Position	The CWMA S&T Committee believes this item is fully developed and recommends voting status.
	NCWM Annual Meeting Results	Passed

<b>SCL-22.1 S.1.14.      V      Recorded Representation of Axle or Axle Group Weights</b>		
	SMA Position - 11/22	The SMA supports this item with several changes. The item attempts to define what constitutes a "commercial transaction", but the words "non-commercial" reduces its clarity. Secondly, it is not necessary to label each weight value of axle/axle group weights as "not legal for trade"; putting the words "not legal for trade" on the recorded representation once is adequate.
	NCWM Interim Meeting Recommendation	The S&T Committee removed this item from Block 6 and recommended it be a voting item at the NCWM Annual Meeting. The committee renumbered paragraphs S.1.14.x to S.1.15.x. The committee also changed S.1.15.1. by adding the words "when" and "in a single draft" as recommended by the SMA updated proposal that was received on October 16, 2022.
	Northeast Position	After hearing comments from the floor, the Committee recommended to the body that this item maintain a voting status with no changes, and the body concurred.
	Central Position	The CWMA S&T Committee believes this item is fully developed and recommends voting status.
	SMA Position – 4/23	SMA supports this item.

## SMA SCORECARD FOR 2023 S&T ITEMS BEGINNING WITH THE JANUARY NCWM INTERIM MEETING

NCWM Annual Meeting Results	Passed
-----------------------------	--------

<b>SCL-22.3      D      UR.3.3. SINGLE-DRAFT VEHICLE WEIGHING., AND UR.3.4. AXLE AND AXLE GROUP WEIGHT VALUES</b>		
SMA Position – 11/22	The SMA supports this item and believes that additional work is necessary	
NCWM Interim Meeting Recommendation	The committee removed this item from Block 6. The committee recommends the submitter work with interested parties to further develop SCL-22.3.	
SMA Position – 4/23	The SMA supports the intent of this item and believes that additional work is necessary.	
Northeast Position	After hearing comments from the floor, the Committee believes this item has merit and is fully developed. The Committee recommends that this item be give a Voting status.	
Central Position	The CWMA S&T Committee recommends this item remain as Developing.	
NCWM Annual Meeting Results	No Changes. Remains Developmental.	

## SMA SCORECARD FOR 2023 S&T ITEMS BEGINNING WITH THE JANUARY NCWM INTERIM MEETING

<b>SCL-23.2      V      Table S.6.3.a. Marking Requirements, and Table S.6.3.b. Notes for Table S.6.3.a. Marking Requirements</b>		
	SMA Position - 11/22	New?
	NCWM Interim Meeting Recommendation	The committee updated the item per recommendations from the submitter and comments received. With the modifications, the committee believes this item is fully developed and has assigned it a voting status.
	SMA Position – 4/23	SMA supports this item as a voting item.
	Northeast Position	After hearing comments from the floor, the Committee recommended to the body that this item maintain a voting status, and the body concurred.
	Central Position	The CWMA S&T Committee believes this item is fully developed and recommends voting status.
	NCWM Annual Meeting Results	Passed

<b>SCL-23.3      A      Verification Scale Division e: Multiple Sections Including, T.N.1.3., Table 6., T.N.3., T.N.4., T.N.6., T.N.8., T.N.9., T.1., T.2., S.1.1.1., T.N.1.2., Table S.6.3.a., Table S.3.6.b., Appendix D, S.1.2.2., Table 3., S.5.4., UR.3., Table 8.</b>		
	SMA Position - 11/22	The SMA recommends the following change to Table 3, Footnote 1: <u>The manufacturer may design a scale such that the <del>verification scale division verification interval</del> e does not <del>be</del> equal <del>to</del> the scale division d.</u>
	NCWM Interim Meeting Recommendation	Russ Vires (SMA) supports the further development of this item although he questions the moving from block 2 items to SCL 23.3, SMA has provided written comments for block 2.
	SMA Position - 4/23	SMA supports the further development of this item.

## SMA SCORECARD FOR 2023 S&T ITEMS BEGINNING WITH THE JANUARY NCWM INTERIM MEETING

Northeast Position	After hearing comments from the floor, the Committee recommended to the body that this item maintain a assigned status. The Committee also noted that this Task Group has been without a Chair and encourages the NCWM Chair to appoint a new chair to continue the work of the group. The body concurred with the Committee.
Central Position	The CWMA S&T Committee recommends this item remain as Assigned to the Task Group.
NCWM Annual Meeting Results	No changes. Remains Assigned and new chair appointed.

<b>SCL-22.2      A    UR.1. Selection Requirements, <u>UR.1.X. Cannabis</u></b>	
SMA Position - 11/22	The Scale Manufacturers Association supports developing the item and recommended aligning the item with HB44 Table 8, Recommended Minimum Load.
NCWM Interim Meeting Recommendation	The committee updated the item to include UR-3.1.2., as recommended by NEWMA. The committee has designated this item as assigned per recommendations from the submitters.
SMA Position – 4/22	The SMA supports continued development of this item.
Northeast Position	After hearing comments from the floor, the Committee recommended to the body that this item maintain an assigned status, and the body concurred.
Central Position	The CWMA S&T Committee recommends this item remain as Assigned to the Task Group.
NCWM Annual Meeting Results	No changes. Remains Assigned.

## SMA SCORECARD FOR 2023 S&T ITEMS BEGINNING WITH THE JANUARY NCWM INTERIM MEETING

WIM-23.1	I Remove Tentative Status and Amend Numerous Sections
SMA Position – 11/22	<p>The SMA opposes this item with the following concerns.</p> <p>Major points of concern:</p> <ul style="list-style-type: none"> <li>• Highway weight enforcement scales are already defined as Class IIII in the Scales code. Dynamic weighing should not perform worse than what has already been established and is acceptable.</li> <li>• These devices will suffer major usage, so an acceptance and maintenance tolerance should be established similar to Class IIII values. Tighter tolerances will contribute to better performance and would detect more overweight vehicles and generate higher revenue.</li> <li>• If added to the WIM code, law enforcement code would exist in both the Scales code and the WIM code that needs to be reconciled.</li> <li>• If this item stays in WIM and does move forward, our recommendation would be to harmonize tolerances with OIML R134.</li> </ul> <p>The WIM code was not intended to be used in Commercial applications. Commercial and Law enforcement weighing applications, are covered in the Scales code.</p>
NCWM Interim Meeting Recommendation	<p>The committee has updated this item to the latest version received from the submitter. In the most recent version of the proposal, the submitters changed N.1.3. to require the reference scale be tested no more than 2 weeks prior to the test of the WIM scale, instead of 24 hours. The committee does not agree with this change and has decided to leave it as currently written in Handbook 44. The committee continues to work on this item, including User Requirements, to address concerns it heard during the Interim. The submitters intend to provide a demonstration of a WIM scale in use in the near future. The committee has decided to leave the item as informational and encourages the submitters to continue to work with the committee, NIST OWM, and stakeholders for further development.</p>
SMA Position – 4/23	<p>The SMA opposes this item with the same concerns as stated above in the 11/22 position.</p>
Northeast Position	<p>After hearing comments from the floor, the Committee recommended to the body that this item maintain an informational status, and the body concurred. The Committee commends the submitters for the hard work in developing this item and involving all stakeholders.</p>
Central Position	<p>After hearing comments from the floor, the Committee recommended to the body that this item maintain an informational status, and the body concurred. The Committee commends the submitters for the hard work in developing this item and involving all stakeholders.</p>
NCWM Annual Meeting Results	<p>There were no changes to this item at the NCWM Annual Meeting. Remains Informational.</p>

## SMA SCORECARD FOR 2023 S&T ITEMS BEGINNING WITH THE JANUARY NCWM INTERIM MEETING

<b>B4:GEN-21.2 V G-S.5.6. RECORDED REPRESENTATIONS</b>	
SMA Position - 11/22	The SMA supports this item. The SMA recognizes the importance of providing flexible options for recorded representation to the consumer.
NCWM Interim Meeting Recommendation	<p>The committee agreed with comments heard during open hearings that G-S.5.6. needed more clarity and modified the item in B4: GEN-21.2, Paragraph G-S.5.6. rewording the sentence <b><u>“Unless otherwise specified, recorded representations referenced in specific codes shall be made available to the customer as a minimum in hard copy form.”</u></b> to read <b><u>“Recorded representations referenced in specific codes shall be made available to the customer as a minimum in hard copy form, unless otherwise specified by the customer.”</u></b></p> <p>G-S.5.6. would then read:</p> <p><b>G-S.5.6. Recorded Representations.</b> – Insofar as they are appropriate, the requirements for indicating and recording elements shall also apply to recorded representations. All recorded values shall be <del>printed</del> <b>provided presented</b> digitally. In applications where recorded representations are required <b><u>by a specific code</u></b>, the customer may be given the option of not receiving the recorded representation. <b><u>Recorded representations referenced in specific codes shall be made available to the customer as a minimum in hard copy form, unless otherwise specified by the customer.</u></b> For systems equipped with the capability of issuing an electronic receipt, ticket, or other recorded representation, the customer may be given the option to receive any required information electronically (e.g., via cell phone, computer, etc.) in lieu of or in addition to a hard copy.</p> <p>(Amended 1975, 2014 and <b>20XX</b>)</p>
SMA Position – 4/23	The SMA supports this item. The SMA recognizes the importance of providing flexible options for recorded representation to the consumer.
Northeast Position	After hearing comments from the floor, the Committee recommended to the body that this item maintain a voting status with no changes, and the body concurred.
Central Position	The CWMA S&T Committee believes this block is fully developed and recommends voting status.
NCWM Annual Meeting Results	Passed.

<b>B4:OTH-21.2. V APPENDIX D – DEFINITIONS.: RECORDED REPRESENTATIONS, RECORDING ELEMENT</b>	
SMA Position - 11/22	The SMA supports this item. The SMA recognizes the importance of providing flexible options for recorded representation to the consumer.
NCWM Interim Meeting	After hearing comments from the floor, the Committee believes this item has merit and is fully developed. The

## SMA SCORECARD FOR 2023 S&T ITEMS BEGINNING WITH THE JANUARY NCWM INTERIM MEETING

Recommendation	Committee recommends that this item be give a Voting status.
SMA Position – 4/23	The SMA supports this item. The SMA recognizes the importance of providing flexible options for recorded rerepresentation to the consumer.
Northeast Position	After hearing comments from the floor, the Committee recommended to the body that this item maintain a voting status with no changes, and the body concurred.
Central Position	The CWMA S&T Committee believes this block is fully developed and recommends voting status.
NCWM Annual Meeting Results	Passed.

### B8:GEN-19.1 V G-T.5. TOLERANCES ON TESTS WHEN TRANSFER STANDARDS ARE USED., APPENDIX A, SECTION 3.2. TOLERANCES FOR STANDARDS., AND APPENDIX D-DEFINTIONS: STANDARDS, FIELD., AND STANDARD, TRANSFER

SMA Position - 11/22	The SMA takes no postion on this item because it does not relate to scales.
NCWM Interim Meeting Recommendation	After hearing comments from the floor, the Committee believes this item has merit and is full developed. The Committee recommends that this item be assigned a Voting status.
SMA Position – 4/23	The SMA takes no postion on this item because it does not relate to scales.
Northeast Position	After hearing comments from the floor, the Committee recommended to the body that this item maintain a voting status and recommends to the NCWM S&T Committee that this item and Block 7 be voted on together, and the body concurred.
Central Position	The CWMA S&T Committee believes this block is fully developed and recommends voting status.
NCWM Annual Meeting Results	Passed.

### B8: OTH-22.1. V APPENDIX A: FUNDAMENTAL CONSIDERATIONS, 3.TESTING APPARATUS

## SMA SCORECARD FOR 2023 S&T ITEMS BEGINNING WITH THE JANUARY NCWM INTERIM MEETING

SMA Position - 11/22	The SMA supports this item.
NCWM Interim Meeting Recommendation	After hearing comments from the floor, the Committee believes this item has merit and is full developed. The Committee recommends that this item be assigned a Voting status.
SMA Position – 4/23	The SMA supports this item.
Northeast Position	After hearing comments from the floor, the Committee recommended to the body that this item maintain a voting status and recommends to the NCWM S&T Committee that this item and Block 7 be voted on together, and the body concurred.
Central Position	The CWMA S&T Committee believes this block is fully developed and recommends voting status.
NCWM Annual Meeting Results	Passed.
